

Notice Regarding Java Upgrade Suggestion for eSignTrust

Certificate Customers

Dear customers,

Kindly be informed the e-Certificate authentication service embedded in BOCNET(Corp.) applies the SSL Certificate Service of CTT eSignTrust and DigiCert Inc., as per announcement of DigiCert Inc., in order to provide comprehensive code signing services and ensure the security of customer transactions, the Java version of Windows computers that perform BOCNET(Corp.) transactions should be revised and instantly upgrade to Java SE Development Kit (32bit) 8u121/ Java SE Runtime Environment (32bit) 8u121 or versions above. Non-conforming Java version will lead to access failure with e-Certificate authentication in BOCNET(Corp.) .

For more information of code signing changes, please browse the DigiCert Inc. website for your reference (<https://knowledge.digicert.com/alerts/code-signing-changes>).

We apologize for any inconvenience caused. Thank you for your understanding and support.
